The N-Ferno 6467 Winter Work Jacket is built for warm and durable protection in cold environments. The 300D polyester oxford with breathable water-repellent coating protects from the elements, while 100g thermal insulation and quilted sleeves keep workers comfortably warm.

This work jacket features a removable hood that can easily be snapped on or off depending on weather conditions or personal preference. For a snug and custom fit that keeps cold air out, it features adjustable hook & loop cuffs, drawstring hood, drawstring waist and a long tail that won't ride up. The adjustable cuffs plus heavy-duty zippered closure also make for easy on and off with gloves.

This work jacket has 1 exterior chest pocket and 1 interior pocket (both fit larger smartphones), plus 2 lower-front pockets for convenient storage. Reflective accents keep workers safe and seen.

## N-FERNO 6467 WINTER WORK JACKET - 300D POLYESTER SHELL
